

Impulse G2

ofs

Double-Pedestal Height-Adjustable Desk

Whatever your footprint, purpose and budget, Impulse G2 offers a comprehensive product selection to articulate your style from sophisticated classic to sleek modern design. Multiple options and diverse capabilities let you create product configurations to optimize each office. All this, plus the fine wood craftsmanship at the heart of all OFS casegoods.

Double Pedestal Height-Adjustable Desk

Transitional to contemporary style

Height-Adjustable Bridge

THE OFFICE YOU WANT

Impulse G2 provides an ample range of storage components that can be configured to support each person and complement each space. Modesty panel and door options, including a variety of wood, painted or frosted selections, bring personalization to desks, peninsula tables and organizers. Modularity and height-adjustability enhance work style and comfort.

Mobile Pedestal

Height-Adjustable Executive Worktable Runoff

Height-Adjustable Executive Worktable Runoff

STRONG AND SOLID

Worksurfaces are available in 2 thicknesses that allow you to create visual balance to match the scale of the room. For a lighter look, select the standard 1.1875-inch thickness; the 1.5625-inch thickness fits a more substantial decorative style. Choose from three edge profiles.

Height-Adjustable Single Pedestal Desk with Wood Modesty

PERSONAL FIT

Height-Adjustability provides the freedom of choice to change postures throughout the day. Impulse G2 offers height-adjustable desks, worktables, bridges and returns so you can work in the most comfortable sitting or standing position.

MODULAR OR CONFIGURED DESIGN

For maximum flexibility, modular components are combined and integrated as needed to create a space that meets specific work style needs. Modular components work independently or can be blended with configured casegoods to simplify specification and installation.
